PROJECTS & EXPERIENCE

OJT Intern – DENR-MGB | 486 hours | February-May

- Developed a website from scratch as part of the OJT team; served as the Front-End Developer responsible for creating responsive, user-friendly interfaces. Applied modern web technologies (CSS, JavaScript, ReactJS, Figma, Github) to deliver a functional and professional website for the organization.

IoT & Web Development Projects (Academic/Capstone)

- IoT Hands-On Project (LED Relay with RFID & Web Integration) – Built a prototype system where an RFID scanner controlled LED relays, with status updates displayed on a website connected to a MySQL database.
- Trail Ink Hub – Designed and developed a web-based solution where students can schedule document printing and upload PDF files, enabling them to simply pick up ready-printed documents from the office.

Leadership & Organizational Roles

- Google Developer Student Club (GDSC) – Member (2021)
- ITeam Group Leader – USTP (2021–2022)
- SCITC: VITCIN Secretary (2022)
- University Student Government – Dept. of Student Welfare & Concern (2022)
- Leadership Training: Lead. Learn. Serve (USTP-Claveria, 2022)
